Charging Stations for e-cars: Conditions of Use

Note: These conditions in English are a translation for your information only. The German version is legally binding.

BY USING THESE CHARGING STATIONS, YOU ACCEPT THESE CONDITIONS OF USE.
(VERSION FROM: 15.11.2021)

GENERAL CONDITIONS
Currently there are 10 charging stations of the type [KEBA KC-P30, 11 KW, AC] located in the underground garage of the Shopping Center Murpark Graz. The charging stations are exclusively for the use of private customers of Murpark Graz for the purpose of charging electric vehicles (which may be single or double track vehicles) while they visit Murpark Graz. Any instructions given by the staff or Murpark or their agents must be obeyed at all times.

SAFETY MEASURES
The charging stations comply with the safety regulations applicable at the time of their installation [01/2020]. The charging stations were installed by a specialist firm and are CE certified. The charging stations may only be used with vehicles that are free of any technical defects. Users are obliged to observe & carry out all the safety measures – for example, by connecting the cable in a way that avoids risk of obstructing or injuring third parties. If users discover any defects or damage to the charging stations, they must notify the customer service desk or security staff without delay.

MODE AND DURATION OF USE
use the charging stations. Murpark Graz reserves the right to suspend the availability of electrical power, to change the technical form in which power is provided, or to discontinue the provision of power entirely. Murpark Graz does not provide electrical cables to connect cars to the charging stations. Users must bring and use their own charging cable, which must be of the correct type and without defect.
The charging stations are to be used only for vehicles standing on the designated parking spaces. These parking spaces may only be used for the duration of the charging process and while the user is present in Murpark Graz. the charging stations are exclusively for occasional use; regular use, for example by local residents, and commercial use are not permitted. Murpark Graz reserves the right to ban specified persons or vehicles from using the charging stations. In the event of a violation of these Conditions of Use, Murpark Graz reserves the right to bring a civil action of trespass against the vehicle owner, and to have the vehicle removed at their expense.

DISCLAIMER OF LIABILITY
Users use the charging stations at their own risk. Murpark Graz does not accept any liability whatsoever for any damages resulting from the use of the charging stations..

ACTIONS IN THE EVENT OF FIRE
In the event of a fire: activate the fire alarm immediately and call the fire service (122) without delay, stating the location, the origin of the fire (car, building), the number of injured persons and your name. As far as possible and necessary, any persons who may be at danger should be warned and vulnerable or injured persons should be evacuated.
Attempts to extinguish the fire should be undertaken with a suitable type of fire extinguisher and taking care of your own safety (especially because of the electrocution hazard). If this is not possible, leave the location of the fire by the fastest possible route on foot. Do not use lifts in the event of fire.
In any other matters, the House Rules and if applicable, Garage Rules of Murpark apply.
